

Disruptor

From \$4,999

Disrupting Conventional eBike Thinking

Equipped with the first and only automatic, electric shifting system designed for an e-bike, Shift-E™. It's a unique system from a company that puts riders first. Whether it's the daily commute, keeping up with your friends, or topping that hill outside your door with less effort, the Rodriguez Disruptor™ will take your riding to a new level.

- Trouble free automatic (or manual) electronic shifting
- Hand crafted in Seattle just for you
- No compromise on comfort - It's just your size!
- Power to extend any ride, conquer any hill
- Commute more - Car Less
- Lighter weight - easy transport
- Award winning technology for smooth acceleration
- Anything else....Just ask!

A Rodriguez Disruptor™ is a great addition to the bicycle quiver. It doesn't replace your bike, it replaces your car. No waiting in traffic, or paying for expensive Seattle parking. Get to your destination on a bike built just for you that flies by all the cars sitting in gridlock. Get there on a Rodriguez with Shift-E™
